BUREAU OF ENERGY EFFICIENCY

(Government of India, Ministry of Power)

30th June, 2021

Important Instructions to all manufacturers/permittees registered under S&L program for Storage Type Electric Water Heater

1. In terms of the Gazette notification dated 10th December, 2020, the existing energy consumption standards for Storage Type Electric Water Heater are valid till 30th June, 2021 and the revised energy consumption standards are to be made effective from 1st July, 2021.
2. In view of the adverse impact of the COVID -19 pandemic on the business of Indian Storage type Electric Water Heater, BEE has sent the proposal to Ministry of Power to extend the existing energy performance standard of Electric Water Heater.
3. Accordingly, the portal to seek continuation approval for already approved star labelled models till the extended period is being made live. No renewal fee to be paid for seeking the continuation approval. Kindly confirm the number of models to be continued during the extended period.

This issues with the approval of Competent Authority.

P. Samal.
